## Holiday Home Work -2018

### Class – UKG

Dear Parent,

Summer holidays are here again to give us respite from the scorching heat. We hope that our children will enjoy their vacation time as well as hone their skills.

Children learn through experiences and play .There are many ways in which you can support them in gaining knowledge and understanding as well as strengthen the parent child bond.

Some things that you as a parent can do are:

- Take your child on a nature walk.
- Play simple games with your child.
- Make simple conversations.
- Involve them in little household chores.
- Recite a story to them.

☺ Try to converse in English with them.

Dear Parents,

Twenty minutes a day is all it takes to develop reading skills in your child.

Follow the following steps to build a better reader!

**Pre-reading;**

- Let the child pick up a story book from the age appropriate section.
- Teach your child how to handle a book carefully and with respect.
- Go through the illustrations together.
- Ask the child what does he /she thinks the story is all about.

**During reading;**

- Share the book while reading.
- Read with expressions and be excited about the reading.
- Explain the difficult words.
- Read once more.

*Reading aloud with children is an essential component to language development and is one of the most important activities for preparing them to succeed as readers.*

**After reading;**

- Ask your child to identify the characters.
- Ask your child to sequence the story according to the beginning, middle and end.
- Sometimes ask them to change the ending.
